## MATTHEW IS MAKING IT HAPPEN

BY KOLTON STRAND

Matthew James Hyman was born on November 14, 2000 to Dave and Michelle Hyman. Matthew also goes by the nicknames "Matt" and "Hymie." Matthew is the youngest, with Courtney being his oldest sister and Branden being his older twin brother. When asked what Matthew admires most about his parents, he replied with how caring and supportive they are.

One of Matt's favorite childhood memories was rolling a ranger, because "it was fun." His favorite elementary memory was in sixth grade when they went to Adventureland for D.A.R.E. His favorite elementary school teacher was Mr. Hill, because "he was chill."

One of Matthew's favorite high school memories is four-wheeler riding down by the river. The class he has enjoyed most at Keota High School was Plant Science with Mrs. Amelon because "it was a fun class with fun classmates." He believes KHS is unique from many other high schools because they offer "small classes with teachers that care."

Throughout Matthew's time at Keota High School, he has participated in several extracurricular activities, such as basketball, track, golf, trap shooting, FFA, speech and the fall play. Matthew said his favorites are FFA, speech, and trap shooting, because they are fun and

laid back.

You will find Matthew outside of school most likely hunting and trail riding with his friends. Matthew works on people's four wheelers at home, and he is also a shop hand for Jim Tines. These jobs have taught him how to work hard and how to keep an accurate receipt of things. One accomplishment Matthew is most proud of is restoring a 1961 John Deere 2010.

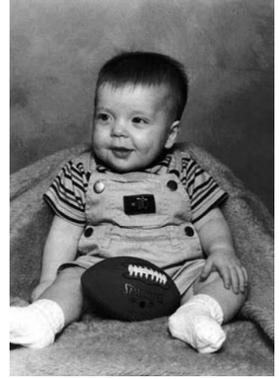

After high school, Matthew plans to attend Kirkwood, then transfer to Iowa State University to major in Ag Systems Technology. He chose to do this so he can save money at Kirkwood and then join Iowa State, because they are very well known for their Ag programs. The qualities he possesses that will help him in the future are responsibility, good morals, and a good work ethic. The three things Matt wants to accomplish in life-time are to get a good job, own his own house, and have a good family.

When asked what class has prepared him most for life, he said Comp 1 and Speech, because they both helped him with his writing skills and gave him the experience of college classes. The thing Matthew will miss most after high school is "being a high schooler." When asked how he wants people to remember him after he gradu-

ates, he said hopes they remember him as a smart, outgoing person, and a good kid in school. He says the three words that best describe him are caring, hardworking, and honest.

If he had it to do over again, one thing he would go back and do in high school is go out for track every year because he likes to be in shape. Fellow classmate, Frankie Johnson, says, "Matthew is a great friend and is willing to go out of his way if it means helping a friend." His advice to future KHS senior is "Enjoy it while it lasts."

We wish Matthew the best of luck at Kirkwood next year and in his future career.

## JUNK OR JEWEL

BY MATTHEW HYMAN

This week's Junk or Jewel is Justin Moeller's 2003 Mitsubishi Lancer. Justin paid 600 clams for this beast from his brother Jacob. He got this car two years ago and it just rolled over 200,000 miles. Justin said his favorite part about this car is that it's reliable and gets him to Taco Bell and back. That brings up his worst memory with his car. Once on the way to Taco Bell, he popped his tire. With a car that fits five and gets 18 mpg, Justin really enjoys this car. One of the best times he has had in this car was going on a dirt road with his friend David. Now it's your time to decide, is this dirt road cruiser junk or a jewel?

BY CLAIRE JAEGER

Jackson Vitte-toe is a 10-year-old at Keota Elementary School. He has always attended Keota Schools and is in 5th grade with Mrs. Lyle as his homeroom teacher. Jackson's parents are Todd and Brooke Vitte-toe. He has a 12-year-old brother whose name is Evan, and he also has a dog. Playing with his dog is his favorite thing to do after school. His favorite part of the school day is lunch time, because he can eat with his friends and doesn't have to worry about doing homework. He is good at math, making it his favorite subject, but he doesn't like science. Jackson isn't sure what he wants to be when he grows up, but he has plenty of time to decide. During summer break, Jackson and his family went on a vacation to Colorado. His favorite thing to do during recess is play basketball. Congratulations to Jackson on being this week's Elementary Spotlight Student!
