November 18, 2020

Parents and Guardians:

This letter is written to give clarification on expectations of your student and our teachers in the case that your son/daughter has been quarantined or has tested positive for Covid 19.

If your child has been placed in quarantine or has tested positive for Covid 19 they are NOT going to be placed in our virtual learning program. We will make available any homework that is missed for your child. We are treating this just like as if your child is home with the flu. If possible a laptop or chromebook will be made available to your child as well. The homework will be given full credit also. It is our hope that the work is finished when your child returns, but we will work with the student to make accommodations as needed.

Many assignments at the secondary level will be in Google classroom that your child has access to. At the elementary level zoom sessions may be made available but are not required to be, nor is attendance required in the zoom session. Some of their assignments may be available in Seesaw, which your child has access to.

If you have questions contact me at (641) 636-3491.

Sincerely,

Jim Henrich, Superintendent/HS Principal
