KEOTA HIGH SCHOOL STUDENT NEWSPAPER

TEACHER OF THE WEEK

By CAR SIN KINDRED

This week's Teacher of the Week is Trevor Weeks. Mr. Weeks is currently in his third year of teaching and he is the high school social studies teacher. Keota is the first place he has taught. He is currently living in Keota, but he grew up in Ryan, Iowa, where his parents and grandparents currently live.

Mr. Weeks graduated from UNI in 2018 and got a degree in Social Science. His greatest inspiration was Mr. Guyer as his Auto Shop teacher. Weeks says "he taught me about life while I was working on my Oldsmobile." The reason Weeks went into teaching was because he liked working with young high school athletes during his high school days.

When asked what he was looking forward to this school year, he said "60 degree days, windows wide open in the classroom, and fishing when I have time." Mr. Weeks' favorite part of the community is how supportive they are with what happens at the school. The hardest part of his job this year was finding 10 desks for a really big class he has.

When asked how he teaches in his classroom he said, "I am going to give you the tools to be successful. What you end up doing with them is up to you." Something students would be surprised to know is that he likes Lana Del Ray. Weeks would also like people to know that he has the weight room open for any students grades 7-12 starting Feb. 28 at 6:45 a.m. and 3:45 p.m. We hope that Mr. Weeks will stay with us for many years and continue coaching the wrestling team.

WHIP OF THE WEEK

By CALEB WATERHOUSE

This week's Whip of the Week is Mr. Frank Whitten, KHS Business teacher. He drives a 2018 Cadillac XT5. It has a V6 engine that gets around 25 miles per gallon. It has a charcoal gray exterior, a beige interior, and this vehicle has 92,000 miles on it. His radio presets are '60s on 6 and '70s on 7 on Sirius XM. He doesn't know who the previous owner was and he says he paid "enough" for it. He got his car March of 2019. He says his car is pretty basic and it has no specialities on it. He says his favorite thing about this car is the ride and he can fit five people in it "uncomfortably." The top speed is unknown, but he knows it will go past 120. He has had both good and bad memories in his vehicle. He hasn't named the vehicle because it is not worthy, he says. When asked how many cars he has previously owned he said, "too many." Mr. Whitten has traveled all over the United States in this vehicle. A few places he has traveled to are New Orleans, Yellowstone, Vegas, and Death Valley. Now you decide if this is Whip of the Week worthy.
